3CX VOIP System Features Galore & Reduced Monthly Cost

3CX is a Microsoft Windows based IP PBX system. It works with land lines, T1, PRI and Internet VOIP services. This system is loaded with tons

of features. In addition, going to VOIP for your voice connection has the potential of saving you a substantial amount of money every month. 3CX works with most brands of IP telephones.

AMCC

AMCC provides Outsourced IT Services including Managed Services to give you maximum network 'uptime'. AMCC is a dealer for the 3CX VOIP PBX Phone System as well as a reseller of IP Telephone equipment and SIP VOIP Trunking Services.

Brochure
